

OUR VOICES BEING HEARD...

JHS students state their opinion on who they think should be the next President of the United States

Alexandria Dunphy,
sophomore

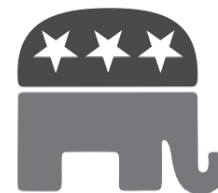

"I would vote for Gary Johnson, because I think Trump and Hillary aren't suitable for the office. During this entire election, it has scared me to think that our next president could be one of these two candidates."

"Definitely Trump, because he is honest and speaks his mind. When Hillary speaks, she sounds like a low-budgeted actress. She's a liar and she says what people want to hear, not what they they need to."

Coby Moore,
junior

Caitlin Prewitt,
sophomore

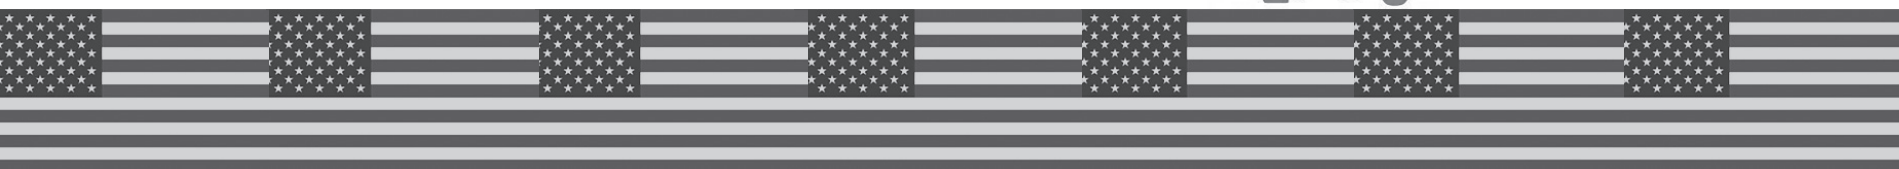

"I would vote for Hillary Clinton, because Trump would put us in more debt than we already are. Not to mention he has no filter and degrades women, along with immigrants."

"I would vote for Hillary because she is experienced with politics and understands how to run a country; whereas Donald Trump is an uneducated candidate that is going to ruin the United States of America."

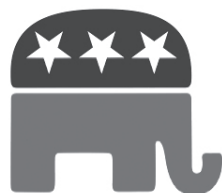

Selena York,
sophomore

Blake Berry,
senior

"Trump wants to benefit the middle and upper class, and make people work for money, rather than beg."

"I would vote for (Donald) Trump because Hillary (Clinton) seems unsure, and Trump knows what he wants to do with the country."

Isaiah Carter,
junior
