

PERSONALITY QUIZ

Despite some of the more outrageous responses our presidential candidates have said in the past three debates, their answers have followed a trend.

So what better way to use them than in a completely satirical way!

In our personality quiz, I have completely fabricated (from my own twisted imagination) responses these candidates "might" say. Please note that these are exaggerated responses for entertainment purposes only, and do not reflect the views of The Hyphen staff.

I hope my readers enjoy, but please do not take them as an attack on the candidate's views/beliefs.

Can you guess which candidate said what?

Q: Have you ever lied to a friend?

A1: "I have not lied. I have never lied. I specifically told Sean Hannity once in an interview."

A2: "The truth is constantly evolving, just like my policies. My answer would've been completely different one.. two.. eight years ago."

Q: If you were babysitting, how would you bond with the kids?

A1: "Tweet something very offensive, but VERY funny at 3 a.m., then delete it 30 minutes later."

A2: "Have my executive marketing board write up something witty and topical, like: 'Pokemon GO to the polls so I can WHIP myself into the Oval Office.'"

Q: How do you feel about summer jobs?

A1: "Illegal immigrants are taking over America. They're practically bursting through the seams of this country. If we just kick 'em all out, we will have tons of farming, construction, and factory job availability for us and our college graduates."

A2: "Our unemployment rate is the lowest it has been, if the government just keeps paying people to be registered Democratic citizens. If you elect me as president, no one would be unemployed."

Q: Who is your best friend?

A1: "Communist leader and Russian dictator, Vladimir Putin. He's very economically sane, and values reasoning. Also very good looking, like myself."

A2: "Past presidential running mate, and close ally, Barack Obama. Who cares that he might've obliterated my campaign last election?!"

Q: How often would you say you interrupt pe--

A1: "I'm gonna stop you right there. I DON'T interrupt people. You're being very rude to me"

A2: "I don't need to interrupt. Staying silent improves candidacy, actually. Everyone seems to hate my voice."

Q: Would you consider yourself a feminist?

A1: "I respect women. No one respects women like I do. I love women! I love women so much, I kiss them even when they don't want to be kissed. Any woman who disagrees at all are lying, fat, pigs. A 'four' at most."

A2: "I've been a believer of women's rights since the earlier 2000's, give or take. I know what women want. I'm a woman myself ... you can fact check that on my website!"
